

## **1157 Russells Mills Road Joshua Howland House**

This late Georgian style farmhouse, typical of many built in this area, is thought to have been built about 1790 for Joshua Howland (1754 - 1822). The house has seen alterations over the years, including the addition of the c. 1840 Greek Revival entryway. Joshua Howland was a local merchant and farmer who sold goods in Newport and returned from that city with rum and molasses that he sold from the property.
