SOME THOUGHTS
ON THE QUALIFICATION AND WORK OF AN ELDER IN THE
CHURCH OF CHRIST.

THE work of an Elder in the Church
of Christ, appears to be very weighty, and
not to be moved in, but as the mind is
brought under a right concern, and influ-
enced by that wisdom which gives a right
understanding in those things that belong
to their office.
To take the oversight of the flock, and
to judge of the ministry, requires, that,
such as are selected for those services should
be well grounded in religion, and acquaint-
ed with the mystery of Godliness; it re-
quires a deep going down to feel after the
mind of Truth in all their movements; it
requires clear discerning, and sound judg-
ment; it requires deep humility of heart; it
requires the divine anointing, and without
a portion thereof the duties of their office
cannot be discharged to the honour of
Truth, nor to the edification of the Church.
For without these qualifications they are
likely to err both in judgment and conduct;
and their being set forward in religious
Society, exposes them rather more to some
peculiar temptations, and I fear hath lifted
some up to think more highly of them-
selves than they ought. Where this is the
case, they are very likely to err respecting
the ground of ministry; though they
may be capable to judge of words, whether
they agree with sound doctrine or not;
but if they go not down, and travail in
Spirit with those that minister, they can-
not know from what spring the words flow,
and for want of this knowledge they are
likely to err in judgment, and instead of
helping forward the true birth, become the
means of stifling, or slaying of it. And
for want of clear discerning and sound
judgment, they may err by nursing a false
birth: and if there is not a dwelling in
deep humility, there is danger of erring

in conduct, and instead of being ensamples
to the flock, they be tempted to Lord it
over the heritage.
When I consider the weight and import-
ance of the work confided to the Elders, this
query arises in my mind, "Who is suffi-
cient for these things?" For such weighty
services, the sufficiency must be of God, or
the work cannot be rightly done. For
without a divine perception, they cannot
be qualified to discern, and give the living
Child to the right Mother. And if there
is not wisdom and skill to use the snuffers
with judgment and discretion, they may
extinguish the light, when they ought only
to remove that which obstructs its bright-
ness, that it may shine with greater clear-
ness. If the selection for this weighty ser-
vice is made in and by the Church* when
under the divine influence, no doubt but
the right will be named, and the Lot rest
upon the rightly qualified: and these
"Dwelling in that which gives ability to
labour in the Church of Christ, can speak
a word in season to them that are ready
to faint."
On looking over the advices of our Yearly
Meeting of Ministers and Elders in the
year 1755, I find the following lines, which
appear to me worthy to be transcribed, and
with which I close this little Essay, viz.
"And when the oversight of the flock,
them, and have the oversight of the flock,
have faithfully followed the heavenly lead-
ings, they have been as Aaron and Hur, to
the ministry, in strengthening their hands
to war with the enemies of God's Israel,
and leading the people on their way from
victory to victory over their enemies into
the dominion of Truth."
