It appeared necessary from experience
derived since the opening of the school that more
circumspection should be exercised in the case of
sending children to the school conformable to the
recommendation in the printed circular of the
12th month last. And to preserve the order
necessary to carry the object of the yearly meeting
into more complete effect. It is recommended
that each Monthly meeting appoint a few judicious
friends to whom application may be made to
Parents or Guardians of Children who are desirous
of sending them at the school. And that they
be appointed consider it their duty not only
to enquire that the Children come in a plain
dress and in the use of the plain Scripture Lan-
guage, but that they are of good habits, and
that they give a few lines to that import for the
information of the Superintendants and teach-
